Why choose De Montfort University

Founded in 1870, De Montfort University (DMU) Leicester has grown into a global institution with 26,000 students and 2,600 staff. Our passionate and enthusiastic lecturers have excelled in the National Teaching Fellowship awards – the most prestigious awards for excellence in higher education. Our academics have industry experience, and our researchers have made a real difference in people's lives.

Our courses embed employability in their curriculum, and our research feeds into students' learning. DMU Leicester has been ranked in the top 20 universities for graduate prospects in The Sunday Times Good University Guide 2020. Previous DMU graduates have gone on to win Oscars and work with organisations such as the BBC, HSBC, Nike, BMW and the NHS. At DMU Dubai, we welcome students from all backgrounds and are proud to offer the perfect combination of award-winning teaching, excellent facilities and a fantastic student experience.

Schools and Departments

All De Montfort University (DMU) students belong to one of our four faculties. Each faculty delivers a wide range of courses to students, oversees world-changing research, and fosters enviable commercial links that inform our teaching and ensure DMU courses are relevant to modern employers.

The Faculty of Business and Law delivers a wide range of undergraduate and postgraduate courses, including accounting, law, politics, marketing and business studies, designed with employability in mind.

Education 2030

We want to ensure you have the best learning experience possible and a supportive and nurturing learning community. That's why we're introducing a new block model for delivering the majority of our courses, known as Education 2030. This means a more simplified timetable where you will study one subject at a time instead of several at once. You will have more time to engage with your learning and get to know the teaching team and course mates. You will receive faster feedback through more regular assessment, and have a better study-life balance to enjoy other important aspects of university life.

Course overview

Gain core knowledge and skills with a vast range of modules covering topics such as Financial Accounting, where you will explore relevant procedures and techniques. As you progress, Management and Strategy will come into play, introducing the theory and practical aspects of managing organisations and the people who work for them. Other modules include Forensic Accounting, Advanced Corporate Finance and Advanced Decision Management.

Our close links with employers and professional accounting bodies will give you opportunities to enhance your career prospects. Depending on your module choices, you could gain exemptions from the Association of Chartered Certified Accountants (ACCA). ACCA exemptions are unavailable for L6 direct entry and students already registered with ACCA.

Key features

- You could gain up to a maximum of nine exemptions from ACCA exams if you choose the appropriate modules exemption from the first eight exams with the Chartered Institute of Management Accountants (CIMA), exemption from the first five exams the Institute of Chartered Accountants in England and Wales (ICAEW)* - a great start towards gaining your professional qualification and developing a wealth of industry knowledge to kick-start your career.
- Benefit from our close links with employers and professional accounting bodies and enhance your career prospects with visiting sessions by industry speakers, work placements and networking events.
 - *These exemptions are subject to approval from the professional bodies.
- DMU Dubai students can now benefit from the Industry Advisory Board, which comprises leading experts and professionals at the enterprise level. The board provides valuable insights and guidance to ensure the curriculum remains relevant and current with industry trends and demands.

Teaching and assessments

You will be taught through a combination of lectures, tutorials, seminars, group work and self-directed study. Tutorials, seminars and workshops are less formal and students will be expected to contribute to the session. Lectures are formal teaching periods that provide key content and assessment material. Group work helps to embed employability skills and it provides an opportunity to learn from each other. Blackboard is used as a virtual learning environment to support study. Each module is worth 30 credits. It is expected that student will spend a total of 300 hours of study for each module. You should be prepared to devote approximately 10 contact hours a week to your studies and additional independent hours of study in order to succeed. Each module will have its own shell and will incorporate material such as; lecture slides, tutorial solutions, assessment material, announcements and pilot examination papers.

Assessment will be through a mix of coursework and examinations. Coursework will include: presentations, academic essays, professional reports, multiple-choice tests, reflective reports and numerical computations. Some assessments will be prepared by students individually and others will be prepared in groups. Assessment is typically weighted as follows in your first year:

Exam: 60%Coursework: 40%

These assessment weightings are indicative only. The exact weighting may vary depending on option modules chosen by students and teaching methods deployed by the academic member of staff each year. Indicative assessment weighting and assessment type per module are shown as part of the module information. Again these are based on the current academic session.
